Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the Orange County Health Authority's (CalOptima) Care Traffic Control project. They are located at 505 City Pkwy W, Orange, CA 92868.

CalOptima's Care Traffic Control initiative would establish a single coordinated data system to digitally manage the health of Orange County's Medi-Cal beneficiaries across the continuum of care. Health care workers, social service providers and law enforcement would be able to access patient history, facilitate real-time navigation to resources, and record information to support predictive modeling that will anticipate future needs. Currently, there are several barriers to coordinated care for both unhoused and housed Medi-Cal beneficiaries in Orange County. Notably, the lack of centralized data sharing prevents health and social service providers from accessing the history of each encountered member. As the sole Medi-Cal managed care plan in Orange County, CalOptima currently serves nearly 880,000 members, including more than 10,000 members that may be experiencing homelessness.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

J. Luis Correa
Member of Congress
